PROFESSIONAL SUMMARY

Full Stack Developer with expertise in React.js, JavaScript, Python, and Django, experienced in building responsive front-end interfaces and RESTful backend APIs. Successfully developed an Online Aptitude Test Application using React and Django, implementing features like user authentication, test management, and result processing. Proficient in Git, API integration, and following Agile development practices.

SKILLS AND ACCOMPLISHMENTS

Programming Languages: Java, Javascript, C++, C#, ASP.Net

Database: MySQL.

Web Development: Understanding of HTML, CSS, JavaScript

Frameworks: React Js, Django.

Technology Adaptation: Continuously updated with the latest technological advancements to stay ahead in the industry.

Experience : FRESHER

PROJECT :

Project: Online Aptitude Test Application

Technologies Used: React.js, JavaScript, Django, Python, REST API, HTML5, CSS3,SQLite

Description:

Developed a full-stack web application for conducting online aptitude tests, using React.js for a dynamic frontend UI and Django REST Framework for a robust backend API. Implemented user authentication, role-based access (admin, user), question randomization, result calculation, and performance tracking. Integrated responsive design and ensured seamless data flow between frontend and backend using RESTful APIs.
